

## Slap Burger

### How to Play

- 1) Separate the two piles by their colors.
- 2) Place the red pile face up.
- 3) Shuffle the blue pile and distribute an equal number of cards to each player until the deck runs out (Do not let players see the cards).
- 4) Place one of the cards from the red pile into the center of the table.
- 5) Choose a player to go first, then that player must flip the top card of their blue pile onto the card in the center of the table (The player flipping the card is not allowed to look at the card before or while flipping it).
- 6) If the card flipped is a condiment (Ex. Tomato, lettuce, onion, etc.), continue to flip cards going clockwise. If the card is a bun, players will race to slap the burger.
- 7) The first player to slap the burger (the player that first touches the stack or hand is on the bottom of the hand pile up), keeps the burger.
- 8) Repeat this until the red pile runs out. The player with the most burgers made at the end wins.
- 8 ½) If there is a tie, the player with the most total condiments wins.
